

ANNOUNCEMENT

Jordan Kotewicz

Cohort Wholesale is pleased to welcome Jordan Kotewicz to our team as technical sales specialist in Ontario.

Biography

Having been raised on his family's ginseng farm in Norfolk County, Jordan joins Cohort Wholesale from the mechanical engineering field where his customer focus and attention to detail supported his problem solving and project management skills.

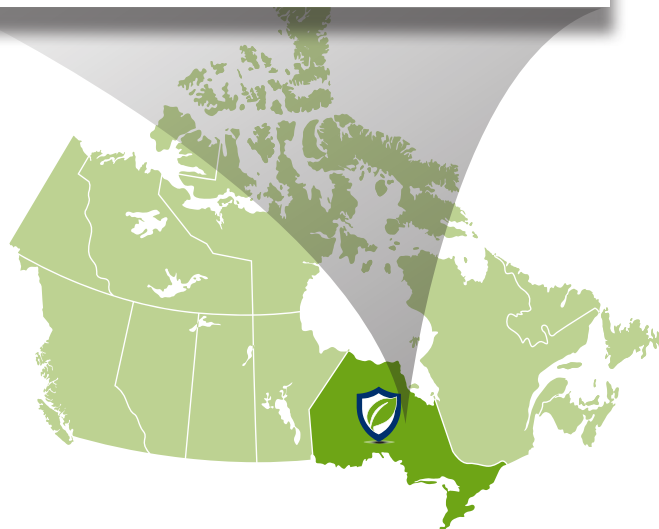

At the same time, Jordan has developed a passion of agriculture and the fruit and vegetable sector specifically. In recent years, he has put that passion to work by starting a small cucurbit and garlic farm operation which he will continue to operate.

Jordan will work with Ontario retail partners and fruit and vegetable producers providing technical and agronomic support.

Jordan and his wife, Molly, live on a farm in Brantford. Please join us in welcoming Jordan to the Cohort Wholesale team.

Jordan can be reached at:
